Favorite HOSA Memory: With the many things I have been able to do with and for HOSA it is obvious that I have many lingering memories. Each new meeting, every new face, and every event we were able to take part in has left a lasting impression on my heart. Trying to think of that special moment or that one time in HOSA that sticks out the most is pretty much impossible for me to do. If I would have to choose one thing that has happened during my time with HOSA to be the best or most empowering it would have to be the day I was told my school would no longer allow me to be the president of Club Med, but I was welcome to run for office in the school's HOSA chapter. My school taking part of this organization, Health Occupations Students of America, has allowed me to reach a potential I never saw in myself and to create a bond with so many people filled with the same ambitions and aspiration as myself. Without my school joining HOSA I would never have had the chance to create these big memories that keep getting better. Thank you Nevada HOSA for teaming up with Northwest!

Hobbies: I enjoy hanging out with friends, working on HOSA events and assignments, making and listening to music, working, and sports.

Future Goals: I dream of becoming an OB/GYN with my own practice or becoming a Pediatric Oncologist, discovering a breakthrough treatment for cancer, continuing to be a part of HOSA through National Executive Council, and one day having a happy successful family!

What do you want to accomplish as a State Officer? I hope to spread the knowledge I have of HOSA to all other members, not just from Nevada. I want to be able to create partnerships and bonds with other state affiliations and allow other people to share the same joy and love for HOSA as I do. I promise to fulfill my duties as your State 2nd Vice President.
